Indigenous Student Services and Consultation Form

Student Name: _____

To Parents/Caregivers of children who self-identify* as having Indigenous Ancestry in School District 27:

It is the purpose of this form to determine if you would like to both receive additional supports from the district and consult on what supports will best support your child.

The Indigenous Education Department of SD 27 provides the following types of supports for children and youth of Indigenous Ancestry attending SD 27 schools, and includes but is not limited to:

- cultural
- social emotional
- healthy living
- attendance support
- classroom (academic) supports.
- transportation (to appointments, when needed)

Supports vary from school to school and you may contact your student's school to inquire about available supports.

These supports are provided through an Indigenous lens and can happen in the classroom, or in small groups, or on an individual basis, depending on the needs of the child and the vision of the school.

The targeted funds generated through this process also pay for staffing including Indigenous Support Workers and Language teachers. Spending plans for targeted funds are approved by the Indigenous Education Council.

Please complete this form and return to your child's school.

My child (above) has/have Indigenous Ancestry, and my signature indicates that I would like my child to take part in the extra services offered through School District 27 Indigenous Education Programs during the 2025-2026 school year.

Parent/Caregiver Signature: _____

Consultation Questions on reverse

****includes children of First Nation (status/non-status), Metis, and/or Inuit ancestry. No documentation other than self-identification is required and ancestry can go back several generations.***
